

Dear Parents and Carers,

I am delighted to share the wonderful news that Ofsted has published an extremely positive inspection report for On Track Westbury. Inspectors confirmed that all independent school standards are fully met, including safeguarding, and recognised the significant improvements made across the school.

The report highlights what we see every day: students feeling safe, valued and understood; staff who go above and beyond; and a curriculum that genuinely changes lives. Inspectors praised students' engagement in learning, their confidence, their behaviour, and the strong relationships they build with staff. They noted the marked improvements in attendance, the ambitious curriculum pathways and the nurturing, therapeutic approaches that help students thrive.

We are especially proud that inspectors saw how well students are prepared for their next steps, gaining a wide range of qualifications and developing essential life skills. They also recognised the strength of our careers programme, our enrichment offer and the positive culture of safeguarding and wellbeing across the school.

This report reflects the hard work, dedication and belief shown by our whole community. Thank you for your ongoing support, trust and partnership. Your encouragement makes a real difference, and we are proud to celebrate this success with you.

As always, we remain committed to continuous improvement and to providing the very best for every student.

Warmest wishes and have a lovely weekend!

Rachel Edwards

Headteacher

On Track Westbury
