

At On Track, as usual, we've all been really busy this term! We've been welcoming new students, had students complete a range of qualifications and had many fantastic experiences. Below are just a few highlights.

Staff and students have been working really hard to grow more produce in the new Kitchen Garden. We enjoyed trying some potatoes, carrots, onions, peas and lots more. A huge 'Well Done' to the students who helped!

The Sports Department have had a variety of activities offered this term off-site and in our own multi-purpose court.

Some activities include: gym, climbing, horse-riding, swimming, dodgeball, golf, football, basketball! They've all been building resilience and skills.

Trips

We've had trips to Belong Gaming Arena, Bowling, Laser Quest, Shakespeare's Globe, The Natural History Museum and so much more!

Collaboration within our school

Some students in DT and Art have been busy building an Orca World in Jo's office. It's looking lovely and it's now a warm and welcoming space.

At the end of June, we said goodbye to some of our students at a BBQ. We did the best to brave the showers of rain. Well done for all you've achieved so far. We look forward to hearing how you're getting on in the future and wish you all the best luck!

Well done everyone for your work this year and thank you parents/carers for your continued support.
