

On Wednesday 7th March 2018 On Track Wisbech Centre visited the Norfolk Skills & Careers Festival. The Norfolk Skills and Careers Festival is a yearly interactive event aimed at 14-24 year olds to help inspire them for their future career and to demonstrate the various options available. It is currently the only major skills and careers event to take place in Norfolk.

The showground was packed with exhibitors who ranged from the Armed Forces to The Canaries (Norwich football club) and many other companies including those from agriculture to hair and beauty. So many exhibitors from all different career areas giving advice on courses and apprenticeships.

On Track Wisbech was just one of the many schools who attended that day. Lots of information was collected along with pens, stickers and even rubber ducks promoting different companies. Students were able to sit in a racing car, use simulation headsets, join in beauty demonstrations and taste food grown and produced in Norfolk. With so many companies involved we realised how lucky we are to be living in such a lovely county with great opportunities.
