

Our first newsletter of the school year will give us the chance to share with you our success, any changes and our calendar of upcoming events.

Mrs Jane Wilson the new Head Teacher joined us in September. She is keen to get to know all of the parents/carers of the students and is looking forward to meeting many of you at one of our events.

Mrs Sharon Claydon has changed roles and is now our Pastoral Manager. Sadly we had to say goodbye to Ms Tracey Sandford our PSE teacher at the end of September, who leaves to pursue a new career.

Our exam results for year 11 leavers were really pleasing with all students achieving a range of qualifications in GCSEs, BTEC and Functional Skills. We are pleased to say they have made a great next step with college placements and one has secured full time employment

Fitness Challenge- students engage in various warm up techniques as part of a team, to challenge their stamina and durability during break times.

Autumn term 2017

BTEC D&T has resulted in a fantastic piece of furniture

being made by one of our students in the workshop. Having compiled a drawing to scale, selected the materials, he manufactured the table to a very high standard and demonstrated very good knowledge of woodworking techniques.

The charity dog walk for

Children in need took place on Friday 13th October. Students, staff and dogs Buttons & Maisie travelled together on the school bus, for the six mile walk, at Whitmoor Nature Reserve raising a total of £38.00. There were some very weary legs and paws at the end.

During the October half term there will be some alterations to the building. This is to create a classroom to enable us to deliver our subjects effectively and a lunch, and chill out room for the students

As part of BTEC Sport students engaged in a game of football against a local School and college students of East Anglia Wisbech displaying awesome skills working together as a team. They have also challenged the staff to Basketball which inevitable they won!

Last year the students produced a CD to raise money for children In Need. If you would like to purchase this the cost is £3.

Here we have two of our

students starting the BTEC Motor Vehicle servicing and repair course in the workshop, checking the condition of the wheel and tyre.
